HAVE YOU EVER

Have you ever seen the rain / Have you ever been drifting in a hurricane / Running wild – oh have you ever felt insane / Running wild – I feel like seven days rain / I've been kissed by brother fortune / Been touched by sister happiness / Mother creation showed me feelings / And father glory told me I'm on the right way / Have you ever seen the rain / Have you ever been drifting in a hurricane / Running wild – oh have you ever felt insane / Running wild – I feel like seven days rain / I've been blinded by my dreams / When Lady Day got hungry eyes / I tried to feed her with champagne and caviar / But she couldn't get enough she wanted all / I liked the rivers to run backwards / Maybe I should fly to the moon / Lived daydreams in luxury / Wealth and glory – just leave me alone / Have you ever seen the rain / Have you ever been drifting in a hurricane / Running wild – oh have you ever felt insane / Running wild – I feel like seven days rain

I FEEL A LITTLE LONELY

Oh I feel a little lonely / Oh 'cause I want you only / I work six days a week / Still workin' it out on the streets / Well buddy I won't complain / I've just made a bad bargain / Love hits you once, love hits you twice / Love hit me three times I never did it right / Couldn't kill this restlessness / Though I'm longing for some tenderness / I've got nothing left to hold / Oh I feel a little lonely / Oh and I'm not really boldly / Oh I feel a little lonely / Oh 'cause I want you only / When I was a little younger / Listening to the radio made me stronger / Now I just have to turn it off / I miss all that old soul stuff / I think I'm an anachronism / Nobody ever will miss me / I never knew what's actually hip / This World is nothing but a video-clip / And I've got nothing left to hold / Oh I feel a little lonely / Oh and I'm not really boldly / Oh I feel a little lonely / Oh 'cause I want you only / Yeah they've killed all that Mowtown Soul / They took off the radio all that Rock 'n Roll / Well I'm to slow for the big wheels turn / I don't wanna change and I don't wanna learn / I wanna hear a drummer counting four / I don't want it all, I just wanna score / Oh I feel a little lonely / Oh and I'm not really boldly / Oh I feel a little lonely / Oh 'cause I want you only / Oh I feel a little lonely / Oh and I'm not really boldly / Oh I feel a little lonely / Oh 'cause I want you only

SHE'S THE ONE

Sometimes I sit and wonder / Who's gonna hold my back / When I'm no longer younger / Slippin' off the tracks / I know that everybody / Has to win his wars alone / But you better take care of / When all your fire is gone / This is gonna be my last summer / I can feel the autumn come / But before I'm goin' over yonder / I hope some days are left in the sun / One thing is good to know / Wherever I gotta go / Yeah I found the one / She's the one / Makes me laughin' when it rains, forget about my pain / Makes me lovin' to do the dishes, longing for her wishes / One thing is good to know / Wherever I gotta go / Yeah I found the one / She's the one yeah, yeah / Sometimes I'm losing breath / Following that dream / When your plans are not really workin' / You chose the wrong way it seems / When I'm standin' out there / Tryin' to sing / I've to fight not to forget / That I started to win / One thing is good to know / Wherever I gotta go / Yeah I found the one / She's the one / Makes me laughin' when it rains, forget about my pain / Makes me lovin' to do the dishes, longing for her wishes / One thing is good to know / Wherever I gotta go / Yeah I found the one / She's the one yeah, yeah / This is gonna be my last summer / I can feel the autumn come / But before I'm goin' over yonder / I hope some days are left in the sun / One thing is good to know / Wherever I gotta go / Yeah I found the one / She's the one / Makes me laughin' when it rains, forget about my pain / Makes me lovin' to do the dishes, longing for her wishes / One thing is good to know / Wherever I gotta go / Yeah I found the one / She's the one yeah, yeah

THE DAYS DADDY DID YOUR WORK

Tonight it's raining in your little town / And your prince charming has lost his crown / You've been crying 'till you wasted all your tears / I know your heart's breaking / I know how this feels / You think your dying / But you'll find yourself alive tomorrow again / I'm so tired but I just can't sleep / I feel disillusioned 'bout the wrinkles round my eyes / Strangers surround me keep talkin' trash to me / While I keep performing, I am what they want me to be / Running on empty / With a job to walk two thousand miles / Nobody ever will walk your shoes for you / This road is your road you've got to make it through / We all cannot crawl like a baby back home / The days when Daddy did your work are dead and gone / When Daddy did your work are dead and gone / Daddy did your work are dead and gone / When Daddy did your work are dead and gone / Love's been crossing my way a lot of times / This World is changing fast too fast for me / Too many shades of grey for a dreamer just like me / I may be easy but one thing I can see / I can feel it, can breathe it / Nobody ever will walk your shoes for you / This road is your road you've got to make it through / We all cannot crawl like a baby back home / The days when Daddy did your work are dead and gone / When Daddy did your work are dead and gone / Daddy did your work are dead and gone / When Daddy did your work are dead and gone / Dead and gone

THE TOUGH

Not the good but the tough get home / Here's no salvation, salvation is all gone / You're right there where you belong / Not the good but the tough get home / I know some guys who did what they've been told / Yeah those guys will surely grow old / The ones who sold their dreams for easy cash / Well there's a lesson they've missed to learn / This advice is for free / If you know what I mean? / Do you know what I mean? / You'll see / Not the good but the tough get home / Here's no salvation, salvation is all gone / You're right there where you belong / Not the good but the tough get home / Now they've got your ass like you said they never will / And you'll end up buddy, payin' your Daddy's bills / I remember that summer we became friends / Now you're standin' in the shadow, / watchin' it all descend / I thought you'll stay / But if you wanna play / Yeah you've gotta pay / You'll see / Not the good but the tough get home / Here's no salvation, salvation is all gone / You're right there where you belong / Not the good but the tough get home

MY LOVE'S NOT MADE TO PASS YOU BY

I may be easy but one thing I can see / You and me babe this thing is made to be / You where there at the right time / You stood there by my side / To save my soul from growin' cold / Well I've been travelling for a long time / And sometimes I've been far from the right side / Yeah I tried the real hard line / To find a place of only mine / As I saw you standin' in the shadow of my dreams / You may be stunned / But there's no need to hide / Cause my love's not made to pass you by / And darling there's just one thing I can do / Take all our plans and make'em true / Oh my love / Don't you worry / From that way we both are goin' / I'm gonna hide my restless side / You're still the apple of my eye / So meet me again tonight / To save me from this long lonely ride called life / I swear I do it right / You may be stunned / But there's no need to hide / Cause my love's not made to pass you by / And darling there's just one thing I can do / Take all our plans and make'em true / I may be easy / But one thing I can see / You and me babe / This thing is made to be / I live my life to make it home to you / I can't imagine how to make it through / Without you, baby blue, I love you / You may be stunned / But there's no need to hide / Cause my love's not made to pass you by / And darling there's just one thing I can do / Take all our plans and make'em true

A LONG TIME AGO

Don't try to use your breaks / You may not know it but it's long too late / You may not remember all the promises we made / And that none but ourselves can determine our fate / You feel sorry for the things we've done / For all the good friends vanished, dead or gone / For all the parties that we had / For all the victims that we made / For all the fears you're goin' through / And none else but you / A long, long time ago / You chose your way, yeah you gotta go / A long, long time ago / A swear of blood, sweat and tears / And you can never escape from this / You ain't ever been as easy as a summerkiss / You ain't always been your old folks bliss / You had this dream before you had a name / You've always been the same / There wouldn't have been other ways / Cause you've been born beneath the purple haze / Born in the summer of love / Thirty years of hanging tough / And now you think you've been treated rough / A long, long time ago / You chose your way, yeah you gotta go / A long, long time ago / A swear of blood, sweat and tears / And you can never escape from this / You ain't ever been as easy as a summerkiss / You ain't always been your old folks bliss / You had this dream before you had a name / You've always been the same / There is more truth in our songs / Than in anything our teachers gave along / On this road you gotta be strong / Not the good but the hard get home / Don't believe in anyone but you / What you say has gotta become true / A long, long time ago / You chose your way, yeah you gotta go / A long, long time ago / A swear of blood, sweat and tears / And you can never escape from this / You ain't ever been as easy as a summerkiss / You ain't always been your old folks bliss / You had this dream before you had a name / You've always been the same

IT AIN'T ME

I feel like seven days rain / I don't see the lucky things in my life / Deep inside I think I hate myself / For not looking as good as my friend / I've got an ugly body, hate my hair / I'm afraid of that ghost in the mirror / Cannot be the one I want to be / I'm afraid my friends would not allow / It ain't me / It ain't me / It ain't me / Oh it ain't me / The most important person in my life / Is a fault but I can't stop loving her / I'm responsible for her / And she let me feel sorry for being me / For being me / It ain't me / It ain't me / It ain't me / Oh it ain't me / I think I'm not strong enough / To play that game for the rest of my life / Words don't say nothing / And so does Gin / It ain't me / It ain't me / It ain't me / Oh it ain't me

I BELIEVE IN YOU

You never took the easy way / Mom and Daddy didn't like your game / You thought you were a dumb / Never reach your dreams / You never learned to fight / 'cause you always believed in some helping hand / I believe in you / Make your dreams come true, I believe in you / I believe in you / I'll be at your side, try something new / We stick like glue / I believe in you, I believe in you / You've got a burning heart for a friend of mine / You know he's got a girl, yeah / You've always been a dreamer, oh girl / How often did I like to live your fantasies / I didn't like to bring you back / But they thought I could do, I count on you / I believe in you / Make your dreams come true, I believe in you / I believe in you / I'll be at your side, try something new / We stick like glue / I believe in you, I believe in you / I'm sure you're gonna make your way / Always made a candle burn / Although it ain't easy, you always showed your strength / You gave up to count your tears / And you were there for me when I needed you / I believe in you / Make your dreams come true, I believe in you / I believe in you / I'll be at your side, try something new / We stick like glue / I believe in you, I believe in you

HAIL HAIL ROCK 'N ROLL

Hail hail Rock 'n Roll / Everybody come free my soul / I don't need this and I don't need them / It's the double-tongued trash that I can't stand / I'm surrounded by strangers in the middle of the night / They dance and shout and scream / I'm alright / Do you remember they called me a crazy fool / Three hours later they are sure / I'm pretty cool / Today you're this tomorrow you'll be that / That's the business the Record Company said / Hail hail Rock'n Roll / Everybody come free my soul / I don't need this and I don't need them / It's the double-tongued trash that I can't stand / Sometimes it seems they are already dead / Grappin' from their graves for the dreams in my head / Yeah I wanna burn this damned place down / I hate those guys more than I hate this ground / The chick and me are excellent / Twenty beers and everybody wants to shake my hand / I sound like Brian she sounds like Nat / That's totally different to the picture in my head / Today you're high tomorrow walkin' with the ragged / That's the message when your dreams are shagged / Hail hail Rock 'n Roll / Everybody come free my soul / I don't need this and I don't need them / It's the double-tongued trash that I can't stand / Sometimes it seems they are already dead / Grappin' from their graves for the dreams in my head / Yeah I wanna burn this damned place down / I hate those guys more than I hate this ground / They talk about my price when I sit beside / Well, I'm expensive, what about my pride / Don't you know I quit chasing all that money / But standin' here is still sweeter than honey / Hail hail Rock 'n Roll / Everybody come free my soul / I don't need this and I don't need them / It's the double-tongued trash that I can't stand / Sometimes it seems they are already dead / Grappin' from their graves for the dreams in my head / Yeah I wanna burn this damned place down / I hate those guys more than I hate this ground

THE PRETENDER

Daddy called me up just the other day / He said hey boy it's better if you run away / Mary got pregnant and her brothers don't like that anyway / Well she told me darling you can stay in / But I don't think somebody will be interested in / Maybe she wants to marry me / In any case she got me down on my knees / But that's just the end of a chain reaction / No matter what I do I can't get no satisfaction / What I say my words don't come out right / What I do my plans end up in the darkest night / Tonight I'm gonna pack my bags again / I'm gonna take that ride again / Maybe on its end there is waiting a better end / No surrender, I'm the great pretender / Pretending is dreaming and some dreams come out right / I don't need a helping hand / No surrender, I'm the great pretender / My name is Art and I'm 25 years old / I grew up like I've been told / Sometimes I can feel a time-bomb tickin' inside of me / My daddy spent his life with pumping gasoline all day / He said 9 to 5 and that day to day / I can tell you, for a good man there is no other way / Tonight I'm gonna pack my bags again / I'm gonna take a ride down that road again / Maybe on its end there is waiting a better end / No surrender, I'm the great pretender / Pretending is dreaming and some dreams come out right / I don't need a helping hand / No surrender, I'm the great pretender / My name is Brad I'm 65 years old / I lived my life like I've been told / Funny how time flies it's hard to see yourself growin' old / I should have packed my bags again / I should have taken this ride again / Maybe there would have been a better end / No surrender, I'm the great pretender / Pretending is dreaming and some dreams come out right / I don't need a helping hand / No surrender, I'm the great pretender
